To whom it may concern:

We appreciate the opportunity to respond to your inquiry regarding Material Safety Data Sheet (MSDS) of LinerLock's rolled synthetic roofing underlayment products. The products identified above are considered as "articles" and defined by the Occupational Safety and Health Administration (OSHA) in the Hazard Communication Standard is exempt from the MSDS requirement. The products are not considered to be any health or physical hazards.

The code of Federal Regulations, Title 29, Section 1910.1200 (amended) states that articles are exempt from the requirement of publishing MSDS:

"Article means a manufactured item, other than a fluid or particle: (i) Which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; (iii) which under normal conditions if use dies not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical and does not pose a physical hazard or health risk to employees."

LinerLock synthetic roofing underlayment rolled products meet the Article definition and do not require MSDS sheets. If you have further questions regarding LinerLock products, please call our customer service (657)210-3710.
